

Berwick Sewer District

Notice of Accessibility to Public Sewer

The owner(s) of all houses, buildings, or properties intended for industrial, business, or recreational use or for human habitation, occupancy, or use, within the boundaries of the Berwick Sewer District and abutting on any street, alley, or right-of-way in which the Public Sewer is located, is hereby required, at the expense of the owner(s), to install suitable toilet facilities therein, and to connect such facilities directly with the proper Public Sewer provided that said Public Sewer is within one hundred (100) feet (30.5 meters) of said property line of the premises containing any such building or structure... **Article II, Section 4 Berwick Sewer District Rules and Regulations**

To be Filled Out by Applicant Prior to Applying for Building Permit

Signature of Owner/Applicant

The Berwick Sewer District has determined through a review of existing documents and field inspections:

___ that the property listed above is within 100 feet of the Public Sewer and therefore connection to the Public Sewer is required and that the District agrees with the intended route and means of connection of basic sewer lines.

___ that the property listed above is not within 100 feet of the Public Sewer and connection to the Public Sewer is not required. A Subsurface Wastewater Disposal System Application is required.
