

Public Hearing Notice

The Board of Trustees for the Berwick Sewer District will hold a **Public Hearing at 6:00 p.m. on Wednesday, October 25, 2023**, at the Berwick Sewer District's office at 39 Powerhouse Road in Berwick, Maine 03901. The purpose of the Hearing will be to consider increasing the annual Sewer User Rate from \$620 to \$640, a 3.22% increase, and an increase for connecting an Equivalent Dwelling Unit to the System, or Equity Buy-in Fee, from \$1,390 to \$1,634/Unit.

Administrators Note:

User Rate Increase: The Board of Trustees have decided to put forward the same annual **User Rate** increase of **\$20 per Equivalent Dwelling Unit** per year. Quarterly billing for a residence will increase by \$5, or from \$155 to \$160 per quarter. The minimal increase will be nearly, if not completely, consumed by our expected increase in cost for electricity in 2024 and beyond.

Equity Buy-In Fee: The **Equity Buy-In Fee** is a one-time fee charge to a property owner to connect the Equivalent of one Dwelling Unit (an average household discharge) to the District's collection and treatment system. The fee is regarded as a new user's share in the District's asset value and set aside in a restricted account for qualifying and necessary capital expenses. This Fee was adopted in 2019 and the increase reflects an increase in the District's Net asset value, represented in the District's 2022 Financial Audit.

BERWICK SEWER DISTRICT

PROPOSED FEE SCHEDULE: To be Effective 1/1/2024

ANNUAL SEWER USER RATE PER EQUIVALENT DWELLING UNIT		FEE
